Seesaw PARENT FAQ

QUICK ANSWERS TO COMMON QUESTIONS ABOUT USING SEESAW FOR OUR RELIGIOUS EDUCATION PROGRAM

What is Seesaw?

Seesaw is a secure, easy-to-use communication and learning platform that helps us stay connected with families. We'll use Seesaw to share announcements, reminders, photos, lesson activities, and important information about our Religious Education program.

Do I need to create an account?

Yes. Parents/guardians will need to create a free Seesaw Family account. You'll receive an invite via email from our parish once your information has been added. Once you create your account, you can connect to your child's class.

How do I get the Seesaw app?

Download the free Seesaw Family app from the App Store (iPhone/iPad) or Google Play (Android). You can also use Seesaw in a web browser at **app.seesaw.me.**

How do I join my child's class?

Please provide your contact information on the Seesaw sheet at Open House or during regular class time. We will then send you an email invite to join your child's class.

Can I have more than one child on the same account?

Yes! You can connect multiple children to your single Seesaw Family account. Just use any additional invite links we send for each child's class.

What kind of information will be shared on Seesaw?

We'll share class announcements, important dates, reminders, faith-based activities, photos from class, and occasional messages from the Religious Education team.

Is Seesaw safe?

Yes. Seesaw is designed with student privacy and safety in mind. Only invited family members can access your child's class, and content is not shared publicly.

Can I communicate with the catechist through Seesaw?

Yes! You can send a direct message to your child's catechist through Seesaw. Please note that responses may not be immediate, but we will do our best to get back to you as soon as possible.

I'm having trouble. What should I do?

If you're having trouble joining or using Seesaw, please contact:
